Canada's #1 manufacturer of disposable dental and medical products

**MEDICOM**®

# ABOUT MEDICOM

Corporate Headquarters in Montreal

Medicom® manufactures and distributes high quality infection control and patient care products worldwide. It is present on five continents through sales, logistics and manufacturing sites.

Founded by Ronald Reuben in 1988, Medicom® is privately owned and its product line spans dental, veterinary, industrial and medical single-use supplies, as well as a comprehensive line of oral health care products.

Leading Medicom® brand names include Denti-Care®, Dry-Back®, Duraflor® Halo, Safe+Mask®, Safe Gauze® and SafeTouch® as well as AMD Ritmed medical products.

In a continued effort to “go green”, as of March 2012 Medicom will be making its product catalog available to you in a paperless format only. We hope you share our enthusiasm for protecting the environment. Catalogs will be available for viewing and download on [www.medicom.ca](http://www.medicom.ca).

## EXAMINATION GLOVES

### **MEDICOM®** **SAFETOUCH®**

The SafeTouch® brand provides a full range of non-sterile medical examination gloves offering protection, comfort and priced to suit everyone's needs.

Nitrile gloves offer superior strength and puncture resistance. They resist a large number of chemicals and contain no natural rubber latex proteins making them a great alternative for professionals with latex allergies.

Latex gloves offer excellent dexterity and superior tactile sensitivity. Our powdered gloves go through an advanced leaching process which eliminates excess cornstarch.

Vinyl gloves are synthetic options that provide great fit and excellent strength. They are an economical alternative for the professional with latex allergies as they contain no natural rubber latex proteins.

## SafeTouch® Ultra Slim

Nitrile PF, Textured

At 2.5mil/3.5g, this is our thinnest glove, suitable for very precise procedures where superior fit and tactile sensitivity are required.

- Latex free and made from an innovative nitrile co-polymer for a combination of strength, comfort and tactile sensitivity.
- Textured fingertips make the glove ideal for precise procedures.
- New, 200-count box for less packaging and a price comparable to latex.
- Fits into standard glove dispensers.

Item No.	Description	Unit/Pkg	Pkg/Case
1177-A	SafeTouch UltraSlim Nitrile PF - XS	200	10
1177-B	SafeTouch UltraSlim Nitrile PF - S	200	10
1177-C	SafeTouch UltraSlim Nitrile PF - M	200	10
1177-D	SafeTouch UltraSlim Nitrile PF - L	200	10
1177-E	SafeTouch UltraSlim Nitrile PF - XL	200	10

## SafeTouch® Rejuvenate Plus

Nitrile PF, Textured

With this glove, lanolin serves to rejuvenate and soothe the skin, while 25% more vitamin E than our latex version helps rebuild damaged skin tissue.

- Fully micro-textured surface offers enhanced grip and is complimented by a thin barrier film for maximum tactile sensitivity.
- Nitrile material provides for a latex free glove with a "latex-like," ergonomic fit.
- Excellent tear strength and puncture resistance.

Item No.	Description	Unit/Pkg	Pkg/Case
1176-A	SafeTouch Rejuvenate Nitrile Plus+ PF - XS	100	10
1176-B	SafeTouch Rejuvenate Nitrile Plus+ PF - S	100	10
1176-C	SafeTouch Rejuvenate Nitrile Plus+ PF - M	100	10
1176-D	SafeTouch Rejuvenate Nitrile Plus+ PF - L	100	10
1176-E	SafeTouch Rejuvenate Nitrile Plus+ PF - XL	100	10

## SafeTouch® Slim Blue™

Nitrile PF, Textured

An economical option with the full benefits of nitrile, this version comes in a thinner format which fits and feels like latex.

- Nitrile is resistant to a wide range of chemicals, and offers excellent tear strength and puncture resistance.
- Textured fingertips provide good grip in wet or dry applications.
- Latex free, ergonomic design for reduced hand fatigue.

Item No.	Description	Unit/Pkg	Pkg/Case
1175-A	SafeTouch Slim Blue Nitrile PF - XS	100	10
1175-B	SafeTouch Slim Blue Nitrile PF - S	100	10
1175-C	SafeTouch Slim Blue Nitrile PF - M	100	10
1175-D	SafeTouch Slim Blue Nitrile PF - L	100	10
1175-E	SafeTouch Slim Blue Nitrile PF - XL	100	10

## SafeTouch® Extend Pink

Nitrile PF, Textured

All the attributes of nitrile in an attractive pink version which, at 4 mil, is 33% thicker than similar gloves offered by other manufacturers.

- Latex free with soft, stretchy “latex-like” comfort for excellent fit, and a significant reduction in hand fatigue.
- Nitrile material for when allergies are a concern or for where latex free environments are desired.
- Fully textured surface ensures good grip in both wet and dry conditions.

Item No.	Description	Unit/Pkg	Pkg/Case
1172-A	SafeTouch Extend Pink Stretch Nitrile PF - XS	100	10
1172-B	SafeTouch Extend Pink Stretch Nitrile PF - S	100	10
1172-C	SafeTouch Extend Pink Stretch Nitrile PF - M	100	10
1172-D	SafeTouch Extend Pink Stretch Nitrile PF - L	100	10

## SafeTouch® Platinum™ White

Nitrile PF, Textured

The next generation in nitrile stretch offers a combination of comfort and protection in these white, premium gloves featuring an ergonomic design for reduced hand fatigue and stiffness.

- Nitrile provides proven protection from common chemicals, coupled with excellent puncture resistance and tear strength.
- Textured fingertips provide for good grip in both wet and dry situations.
- Latex free.

Item No.	Description	Unit/Pkg	Pkg/Case
1174-A	SafeTouch Platinum White Nitrile PF - XS	100	10
1174-B	SafeTouch Platinum White Nitrile PF - S	100	10
1174-C	SafeTouch Platinum White Nitrile PF - M	100	10
1174-D	SafeTouch Platinum White Nitrile PF - L	100	10
1174-E	SafeTouch Platinum White Nitrile PF - XL	100	10

## SafeTouch® Platinum™ Gray

Nitrile PF, Textured

This distinctive gray version in the premium nitrile glove line offers the ultimate combination of comfort and safety and features textured fingertips for precise grip in both wet and dry situations.

- Nitrile is ideal for professionals concerned about latex allergies or for those looking for a latex free practice.
- “Latex-like” fit and ergonomic properties dramatically reduce hand fatigue and increase comfort.
- Thin-fit technology allows for a glove > 0.05 mm thick.

Item No.	Description	Unit/Pkg	Pkg/Case
1173-A	SafeTouch Platinum Gray Nitrile PF - XS	100	10
1173-B	SafeTouch Platinum Gray Nitrile PF - S	100	10
1173-C	SafeTouch Platinum Gray Nitrile PF - M	100	10
1173-D	SafeTouch Platinum Gray Nitrile PF - L	100	10
1173-E	SafeTouch Platinum Gray Nitrile PF - XL	100	10

## SafeTouch® Stretchy

Nitrile PF, Textured

For reduced allergic reactions, these powder free nitrile gloves offer enhanced protection against germs, chemicals and solvents. Exceptional puncture resistance with high tensile strength.

- Easy to don and ambidextrous, these gloves offer an effortless and easy fit every time.
- Fully textured finish improves grip control and manual dexterity.

Item No.	Description	Unit/Pkg	Pkg/Case
1137-A	SafeTouch Stretch Nitrile PF - XS	100	10
1137-B	SafeTouch Stretch Nitrile PF - S	100	10
1137-C	SafeTouch Stretch Nitrile PF - M	100	10
1137-D	SafeTouch Stretch Nitrile PF - L	100	10
1137-E	SafeTouch Stretch Nitrile PF - XL	100	10

## SafeTouch® Pink

Latex PF, Textured

This pink glove offers an eye-catching alternative. Reduced protein leaves hands soft and comfortable while latex offers superior barrier protection.

- Natural rubber latex for ease of donning, excellent barrier protection and increased comfort and precise fit.
- High elasticity for close, ergonomic fit and reduced hand fatigue.
- Fully textured surface for exceptional grip control.

Item No.	Description	Unit/Pkg	Pkg/Case
1162-A	SafeTouch Pink Latex PF - XS	100	10
1162-B	SafeTouch Pink Latex PF - S	100	10
1162-C	SafeTouch Pink Latex PF - M	100	10
1162-D	SafeTouch Pink Latex PF - L	100	10

## SafeTouch® Rejuvenate

Latex PF, Textured

"Lotion in a glove" technology features lanolin and vitamin E to moisturize and promote healthy hands and skin. Features all the benefits of latex, in a format which protects and nourishes the skin.

- Premium natural rubber latex material for ease of donning and removal, precise and comfortable fit.
- Fully micro-textured surface for superior grip control and tactile sensitivity.
- Latex material for proven fit and protection.

Item No.	Description	Unit/Pkg	Pkg/Case
1163-A	SafeTouch Rejuvenate Latex PF - XS	100	10
1163-B	SafeTouch Rejuvenate Latex PF - S	100	10
1163-C	SafeTouch Rejuvenate Latex PF - M	100	10
1163-D	SafeTouch Rejuvenate Latex PF - L	100	10
1163-E	SafeTouch Rejuvenate Latex PF - XL	100	10

## SafeTouch® Latex PF, Textured

The feel and fit of all-natural rubber latex in a powder free alternative. Featuring low protein content, leaving your hands soft and comfortable.

- Ergonomic design for reduced hand fatigue and stiffness. Easily donned and removed.
- Fully textured surface allowing for superior grip control, tactile sensitivity and manual dexterity.
- Natural rubber latex for superior protection.

Item No.	Description	Unit/Pkg	Pkg/Case
1124-A	SafeTouch Latex Powder free - XS	100	10
1124-B	SafeTouch Latex Powder free - S	100	10
1124-C	SafeTouch Latex Powder free - M	100	10
1124-D	SafeTouch Latex Powder free - L	100	10
1124-E	SafeTouch Latex Powder free - XL	100	10

## SafeTouch® Latex PP, Smooth

This smooth, lightly powdered version satisfies the needs of most procedures and has the fit and feel of latex.

- 100% latex for easy donning and removal coupled with superior comfort and fit. Reduced hand fatigue and stiffness.
- Smooth surface for tactile sensitivity and low protein levels to minimize allergic reactions.
- All natural rubber latex.

Item No.	Description	Unit/Pkg	Pkg/Case
1125-A	SafeTouch Latex Powdered - XS	100	10
1125-B	SafeTouch Latex Powdered - S	100	10
1125-C	SafeTouch Latex Powdered - M	100	10
1125-D	SafeTouch Latex Powdered - L	100	10
1125-E	SafeTouch Latex Powdered - XL	100	10

## SafeTouch® Vinyl PP, Smooth

Affordable gloves made with superior PVC which are latex free to avoid allergic reactions. Powdered format to increase ease of donning and removal.

- Ambidextrous and easy donning, excellent tactile sensitivity and dexterity with a smooth finish.
- Proven protection in this glove which meets all your examination needs.
- Affordable.

Item No.	Description	Unit/Pkg	Pkg/Case
1128-A	SafeTouch Vinyl Powdered - S	100	10
1128-B	SafeTouch Vinyl Powdered - M	100	10
1128-C	SafeTouch Vinyl Powdered - L	100	10
1128-D	SafeTouch Vinyl Powdered - XL	100	10

Affordable vinyl, powder free version features SafeTouch®, with lower protein content, to leave your hands soft and comfortable.

- Non-latex format and proven protection for all your healthcare needs.
- Smooth texture for excellent tactile sensitivity and manual dexterity.
- Ambidextrous for convenience.

Item No.	Description	Unit/Pkg	Pkg/Case
1129-A	SafeTouch Vinyl PF - S	100	10
1129-B	SafeTouch Vinyl PF - M	100	10
1129-C	SafeTouch Vinyl PF - L	100	10
1129-D	SafeTouch Vinyl PF - XL	100	10

**SafeTouch® Vytril**  
Vinyl/Nitrile Blend PF, Smooth

SafeTouch® Vytril Medical Examination gloves are made from a combination of premium vinyl and nitrile materials. They offer a superior fit to our regular vinyl gloves and are made from a soft, flexible material so that they are easy to don and provide comfort for a full day's work. SafeTouch® Vytril gloves offer the best advantages of both materials.

- Vinyl/nitrile blend material offers the strength & durability of nitrile with the latex free comfort & pricing of vinyl.
- Excellent barrier protection and resistant to numerous chemicals such as: 10% hydrochloric acid, 10% sodium hypochlorite, 10% formaldehyde and 4% chlorhexidine.
- Less potential for allergic reaction with this 100% latex free, powder free alternative.

Item No.	Description	Unit/Pkg	Pkg/Case
1178-B	SafeTouch Vytril Vinyl/Nitrile Blend PF - S	100	10
1178-C	SafeTouch Vytril Vinyl/Nitrile Blend PF - M	100	10

1178-E	SafeTouch Vytril Vinyl/Nitrile Blend PF - XL	100	10

Experience the premium quality of  
SafeTouch® Stretch Nitrile Gloves.

See which glove fits your personality.

## MASKS

### **MEDICOM®** **Safe+Mask®**

Different dental procedures involve different levels of spray, spatter and airborne particles. To ensure adequate protection and peace of mind, it is important to select the ideal face mask with proper bacterial and particle filtration and fluid resistance. While face masks may visibly look the same, their level of protection can differ significantly. To help distinguish the right mask for the right procedure, Medicom® Safe+Mask® has adopted ASTM 2100 standard to offer a complete range of procedural face masks for any situation.

**Now you or your patient can finally choose the ideal face mask, easy as 1-2-3.**

## Premier Elite Earloop Mask

High Barrier mask ideal for oral exams of high-risk patients and procedures involving high levels of spray, spatter, moisture and airborne particles. Perfect for ultrasonic scalers, high-speed aerosols, air polishers and oral surgeries.

- BFE and PFE filtration efficiency > 98% @ 0.1micron assures a high level of protection against potential sources of infection.
- Shingle pleat design (will not lint, tear or shred), prevents the pooling of fluids and cross contamination, while dye free non-woven inner layer provides additional protection.
- Soft and strong, ample-length earloops so there is less pulling, and adjustable nosepiece for comfortable fit.

Item No.	Description	Unit/Pkg	Pkg/Case
2042	SafeMask Premier Elite - Blue	50	10
2046	SafeMask Premier Elite - Pink	50	10

## Premier Elite Teal with Eye Shield

High Barrier mask for oral exams of high-risk patients with an integrated optically clear, distortion free, wrap-around shield for full-face protection.

- Eye shield has anti-fog treatment to eliminate fogging and promote clear visibility. Mask and shield feature soft and strong earloops for custom fit and comfort.
- BFE and PFE filtration efficiency > 98% @ 0.1micron assures a high level of protection against potential sources of infection.
- Shingle pleat design (will not lint, tear or shred), prevents the pooling of fluids and cross contamination, while dye free non-woven inner layer provides additional protection.

Item No.	Description	Unit/Pkg	Pkg/Case
2025	SafeMask ProShield W/ Visor - Teal	25	4

## Premier Plus Earloop Mask

Moderate Barrier mask for oral exams of known higher-risk patients and procedures involving moderate levels of spray, spatter and airborne particles such as endo or periodontic procedures, bleaching and lab work with exposure to blood or contaminated materials.

- Lower differential pressure offers excellent breathability and comfort with high levels of protection.
- Bacterial and particle filtration efficiency of 98% and more assures greater protection against potential sources of infection.
- Soft and strong, ample-length earloops so there is less pulling, and adjustable nosepiece for comfortable fit.

Item No.	Description	Unit/Pkg	Pkg/Case
2040	SafeMask Premier Plus - Blue	50	10

## Premier Earloop Mask

Low Barrier mask for oral exams of low-risk patients and procedures involving lowest levels of spray and spatter such as fluoride treatments, minor orthodontics and basic lab work.

- A daily favorite of most dental professionals - designed for everyday protection and comfort.
- Non-woven layers and shingle pleat design prevent fluid pooling and cross contamination. Fluid resistant to help reduce potential exposure of the wearer to blood and body fluids.
- Soft and strong, ample-length earloops so there is less pulling, and adjustable nosepiece for comfortable fit.

Item No.	Description	Unit/Pkg	Pkg/Case
2011	SafeMask Premier Earloop - Lavender	50	10
2015	SafeMask Premier Earloop - Blue	50	10
2016	SafeMask Premier Earloop - Pink	50	10
2017	SafeMask Premier Earloop - Yellow	50	10
2018	SafeMask Premier Earloop - Teal	50	10

## Guardian Earloop Mask

Low Barrier mask with patented antimicrobial/antiviral technology built-in for extra protection against common pathogens like MRSA, VRE, staphylococcus aureus, human and avian influenza.

- Antimicrobial/antiviral formula is embedded into the fibers of each layer, spread throughout the entire fiber and cannot leach off—all this while maintaining excellent breathability.
- EPA safety assessment showed no dermal sensitization and no skin irritation.
- Soft, stretchy earloops and adjustable nosepiece for comfort and customization.

Item No.	Description	Unit/Pkg	Pkg/Case
2060	SafeMask Guardian - White	40	10

**NEW!**

## SofSkin® Earloop Mask

Designed with sensitive skin in mind. Its soft, lightweight and highly breathable inner layer is gentle, non-irritating and remains cool on the skin for ultimate ease and comfort.

- Cellulose-blend inner layer is white, extra soft and dye free which leaves skin feeling clean and dry. It does not lint, tear or shred.
- Meets ASTM 2100 standard for everyday, low barrier protection.
- Adjustable nose piece helps customize the fit. Earloops ties are soft, stretchy, latex free and sonically sealed.

Item No.	Description	Unit/Pkg	Pkg/Case
2080	SafeMask Sofskin Earloop - White	50	10
2081	SafeMask Sofskin Earloop - Blue	50	10
2082	SafeMask Sofskin Earloop - Pink	50	10
2083	SafeMask Sofskin Earloop - Lavender	50	10

## Surgical Tie-On Mask

Low Barrier mask with comfortable tie-on laces. Suitable for procedures with low levels of spray and splatter such as fluoride treatments, minor orthodontics and basic lab work.

- Construction and materials providing adequate protection and comfort.
- Shingle pleat design prevents fluid pooling and cross contamination. Non-woven inner layer for superior protection.
- Adjustable nosepiece and tie-on for comfortable fit. Extra long laces fit with a variety of facial shapes and sizes.

Item No.	Description	Unit/Pkg	Pkg/Case
2000	SafeMask Tie On - Blue	50	6

## Cone Face Mask

Utility mask made of latex free, porous material which helps protect the wearer from body fluids and contamination caused by exhaled micro-organisms. Molded contour design increases comfort and allows for excellent breathability.

- Adjustable, aluminum nosepiece and stretchable headband allow for a custom, close fit.
- Materials and construction are soft and non-irritating.
- Comfortable to wear and good alternative to shingle pleat masks.

Item No.	Description	Unit/Pkg	Pkg/Case
2020	SafeMask W/Alum Nose Guard - Blue	50	12
2021	SafeMask W/Alum Nose Guard - Pink	50	12

## N95 Respirator

NIOSH\* approved duckbill and cone respirators feature a 95% filter efficiency level and provide protection against particulate aerosols free of oil.

- Complies with OSHA Bloodborne Pathogens Standard when properly fitted to face and worn with proper protective eyewear.
- Maximized air chamber, lightweight construction and soft inner lining contribute to user comfort and breathability.
- Adjustable nosepiece for custom fit. Secure seal against most face sizes and shapes.

Item No.	Description	Unit/Pkg	Pkg/Case
M2321	SafeMask N95 Respirator - Cone	20	8
M2322	SafeMask N95 Resp Duckbill - White	20	8

\* National Institute for Occupational Safety and Health

## Protective Eyewear

Eyewear for use when levels of fluids and splashes warrant extra protection. Wrap-around, anti-fog lens provides added peripheral protection and optimal, clear visibility.

- Single-use unit is preassembled for time-saving and convenience, and allows for attachment of mask earloops for total protection.
- Lightweight, comfortable plastic frame adjusts, allowing for custom fit.
- Ergonomic design for all-day wearability.

Item No.	Description	Unit/Pkg	Pkg/Case
2900	SafeMask Protective Eyewear	10	6

## Face Shield Face Mask

Full-length face and neck protection from spatter and airborne particles with this wrap-around face shield—suitable for procedures demanding an increased level of protection.

- Well sealed foam headband for added security and optimal flow of air. Suitable for use with or without a mask.
- Anti-fog treatment to eliminate fogging and promote clear visibility.
- Adjustable sizing for custom fit and comfort.

Item No.	Description	Unit/Pkg	Pkg/Case
2033	SafeMask W/ Full Face Shield	24	6

## Distech Earloop Mask

Primary protection for simple, low-risk procedures involving very light dust, moisture, spray and spatter. Ideal for patient appointments and exams.

- Inner and outer layer constructed for basic fluid resistance, with ultrasonically sealed, soft, stretchy, latex free earloops for superior comfort.
- Adjustable nosepiece for custom and comfortable fit and easy breathing.
- Economic alternative for simple procedures.

Item No.	Description	Unit/Pkg	Pkg/Case
2115M	Distech Earloop Mask - Blue	50	10
2116M	Distech Earloop Mask - Pink	50	10
2117M	Distech Earloop Mask - Yellow	50	10
2118M	Distech Earloop Mask - Green	50	10

## NEW! TailorMade® Earloop Mask

Creates a tight seal around the face with the help of the aluminum nose and chin pieces. This reduces gapping at the bottom and sides, provides good face coverage and better protects the wearer.

- Aluminum nose and chin pieces create a comfortable personalized fit around the circumference of the face every time.
- Meets ASTM 2100 performance standards for everyday, low and high barrier protection.
- Soft non-woven material. Earloops ties are soft, stretchy, latex free and sonically sealed.

Item No.	Description	Unit/Pkg	Pkg/Case
2070	SafeMask TailorMade Low Barrier - Blue	50	10
2071	SafeMask TailorMade Low Barrier - Pink	50	10
2072	SafeMask TailorMade High Barrier - Blue	50	10

## NON-WOVEN & COTTON PRODUCTS

**MEDICOM®**  
**SafeGauze®**

### Clearly the best choice for absorption

Medicom® SafeGauze® Non-Woven sponges are the perfect combination of performance and price. SafeGauze® sponges are more absorbent than traditional cotton filled sponges, are non-linting, maintain their shape during use and easily release from incisions improving the healing process. SafeGauze® sponges are cost-effective and economical since 4 plies of non-woven can substitute 8 plies of cotton gauze. They are made with extra soft, non-abrasive, premium quality non-woven material and have no chemical whiteners added.

See for yourself why SafeGauze® has been a trusted North American market leader for 20 years!

## Safe Gauze® Sponges 4 ply

Ideal for restorative scaling procedures, these easy-to-use, non-linting and highly absorbent premium sponges come in 2x2 and 4x4 sizes.

- Non-woven sponges minimize the number used per procedure, saving time and money, when compared with cotton-filled sponges.
- Extra soft, non-adherent, polyester/viscose blend for increased patient comfort.
- Latex free. Non-sterile.
- Made in the USA.

Item No.	Description	Unit/Pkg	Pkg/Case
4522	SafeGauze 2x2 N/W Sponges 4 Ply	200	20
4544	SafeGauze 4x4 N/W Sponges 4 Ply	200	10

## Safe Gauze® Green Sponges 4 ply

A truly environmentally friendly product, made with organic cotton —completely free of toxic pesticides and insecticides—and Forest Stewardship Council certified Lyocell®. Available in 2x2 and 4x4 sizes.

- 100% biodegradable natural fibres using chlorine-free practices.
- Luxuriously soft, highly absorbent and non-linting.
- Latex free. Non-sterile.
- Made in the USA.

Item No.	Description	Unit/Pkg	Pkg/Case
4722	SafeGauze Green 2x2 N/W Sponge	200	20
4744	SafeGauze Green 4x4 N/W Sponge	200	10

## Medicom® Non-Woven Sponges

Increased patient comfort due to the soft, viscose/poly blend, non-woven material. An excellent and economical alternative to cotton gauze sponges.

- Multipurpose, non-linting, and highly absorbent material saves time.
- No chemical additives to avoid allergic reactions.
- Latex free. Non-sterile.

Item No.	Description	Unit/Pkg	Pkg/Case
2102	2x2 N/W Gauze Sponges 4 Ply	200	20
2104	4x4 N/W Gauze Sponges 4 Ply	200	10

## Medicom® Non-Woven Sterile Sponges

Peace of mind with sterile, heat-sealed and secure envelope for added safety from cross contamination where additional caution is warranted.

- Absorbent, soft, non-linting and breathable material for increased patient comfort.
- Convenient, per-use, individual peel-open design.
- 2 sponges per envelope.

Item No.	Description	Env./Pkg	Pkg/Case
2240	2x2 N/W Sterile Gauze 4 Ply	100	30
3340	3x3 N/W Sterile Gauze 4 Ply	100	24
4440	4x4 N/W Sterile Gauze 4 Ply	100	12
9210	4x4 Sterile Drain Sponges 6 Ply	50	12

## General Purpose Non-Woven Sponges

These general purpose sponges offer an excellent alternative to cotton gauze sponges in some situations.

- Soft, viscose/poly blend, non-woven material for increased patient comfort. Economical alternative to cotton.
- No chemical additives to avoid allergic reactions.
- Non-sterile.

Item No.	Description	Unit/Pkg	Pkg/Case
2100-CH	4x4 N/W N/S General Purp 4 Ply	200	10
2101-CH	2x2 N/W N/S General Purp 4 Ply	200	25
2103-CH	3x3 N/W N/S General Purp 4 Ply	200	20

## Exodontia Cotton-Filled Sponges

Use fewer sponges per extraction with highly absorbent, cotton-filled gauze.

- 100% white cotton with cotton-fibre filling.
- Latex free, multi-purpose sponges save time.
- Non-sterile.

Item No.	Description	Unit/Pkg	Pkg/Case
4521	2x2 Dental Cotton Gauze 8 Ply	200	25

## All Gauze Sponges

A wide variety of sizes and ply options allows you to select the appropriate option for different procedures.

- All-gauze sponges with high absorbency allow for the use of fewer sponges resulting in savings of time and money.
- 100% pure, white cotton.
- Non-sterile.

Item No.	Description	Unit/Pkg	Pkg/Case

3554	Distech N/S Cotton Dental Rolls #2	2000	12

## STERILIZATION PRODUCTS

**MEDICOM**  
**SAFE-SEAL** duet

To assure a high quality product, effective sterilization and compliance with ISO Standards, Safe-Seal Duet was put through a series of tests and validations. Safe-Seal Duet now contains a Class 4 internal multi-variable indicator and a Class 1 external process indicator for steam sterilization that responds to all variables of time, temperature and saturated steam. The product line meets CDC guidelines for effective sterilization and complies with both ISO 1140 and ISO 11607.

## Safe-seal DUET Class 4\*

### Sterilization Pouches

Assured sterilization with a Class 4 internal multi-variable indicator and a Class 1 external process indicator for steam sterilization. Meets CDC guidelines for effective sterilization and responds to all variables: time, temperature and saturated steam.

- Secure seal with extra wide chevron seal protects against instrument breaching while high quality porous medical-grade paper meets medical standard.
- Perforated fold facilitates easy and accurate folding of adhesive strip to form airtight seal. Thumb notch enables easy opening of pouch.
- Lead free, high-quality inks compatible with a large number of commonly used disinfectants and assure easy confirmation of sterilization process.

Item No.	Description	Unit/Pkg	Pkg/Case
88000	SafeSeal Duet 2 3/4" x 9"	200	6

## Sterilization Reels

Various sized reels allows for customized sterilization of a wide variety of items.

- Individual and flexible formats save time and lower costs. Ideal for specialty items of various sizes.
- Special grade, heavy-weight paper provides superior strength.
- Blue tinted transparent material for easy viewing and possible instrument breaching.

Item No.	Description	Unit/Pkg	Pkg/Case
9510+	Peelable Reels 2" x 100'	10	1
9520+	Peelable Reels 3" x 100'	10	1
9530+	Peelable Reels 4" x 100'	10	1
9540+	Peelable Reels 6" x 100'	10	1

## DISINFECTANTS

### **Protect Yourself this Cold Season!**

Microban® Hand Sanitizer reduces the risk of infection and contamination. It contains 70% (v/v) ethyl alcohol so it is effective against the bacteria and viruses commonly found on hands such as E.Coli, MRSA, Rhinovirus and Noroviruses. It also contains glycerin, aloe and vitamin E so it leaves hands feeling soft, smooth and non-sticky.

**Effective. Fast. Gentle.**

## Microban® Hand Sanitizer

Alcohol-based hand sanitizer which offers a fast and simple means of reducing bacteria and conditioning hands in many healthcare settings.

- High alcohol concentration (70% Ethyl alcohol) to help reduce the risk of infection and contamination from bacteria and viruses commonly found on hands (such as E. coli, MRSA, rhinoviruses and noroviruses).
- Aloe vera, vitamin E and glycerin serve to moisturize and rejuvenate hands and leave them feeling soft, smooth and non-sticky.
- Requires no time, acts faster and irritates hands less than repeated washing with soap and water.

Item No.	Description	Unit/Pkg	Pkg/Case
0260-125R	Microban Sanitizer 125 ml Original	1	12
0260-500R	Microban Sanitizer 500 ml Original	1	12

9269-000	Microban 1.3 L Wall Mounted Dispenser	1	6

## Isopropyl Alcohol

An effective alternative (or supplement) to saturated steam or autoclave sterilization in your practice.

- Spill free dispenser design avoids risk of contamination and is spigot compatible for quick and easy pouring.
- Ergonomic grip and compact bottle for easy handling and optimal storage.
- 70% and 99% concentrations available to suit all applications.

Item No.	Description	Unit/Pkg	Pkg/Case
30070	Isopropyl Alcohol 70% - 4 L	1	4
30099	Isopropyl Alcohol 99% - 4 L	1	4

## PREVENTIVES

**MEDICOM®**

# *Denti-Care®*

For all your preventive needs, use Denti-Care® regularly, the complete line of preventive products including prophy pastes, fluoride gels and foams whose proven results are recognized throughout the dental

## Denti-Pro Gel

60 Second Gel  
(1.23% Fluoride Ions)

(480 ml)

Prevention of caries for children and adults exempt from composite and porcelain dental restorations as well as patients without crowns or bridges.

- Low pH allows for fast and effective fluoride uptake (contains 12,300 ppm fluoride) and rapid results for patients.
- Pleasantly smooth and consistent thixotropic formula for increased patient comfort and reduced risk of ingestion.
- Select from a variety of great tasting flavours.

Item No.	Description	Unit/Pkg	Pkg/Case
10021-BGUN	60 Sec Fluoride Gel BG	1	1
10021-CHUN	60 Sec Fluoride Gel CH	1	1
10021-GRUN	60 Sec Fluoride Gel GR	1	1

10021-STUN	60 Sec Fluoride Gel ST	1	1

## Denti-Pro Gel

2% Neutral Sodium  
Fluoride Gel

(480 ml)

Safe and compatible gel that is the optimal choice for treating patients with cosmetic and porcelain restorations as well as patients suffering from root caries or tooth sensitivity.

- Smooth, thixotropic consistency and excellent tasting flavours for patient pleasing formula.
- 4-minute application (contains 9,050 ppm fluoride).
- Ideal for patients with reduced salivary flow or acid intolerance.

Item No.	Description	Unit/Pkg	Pkg/Case
10023-MUN	2% Neutral Na FL Gel M	1	1
10023-RBUN	2% Neutral Na FL Gel RB	1	1
10023-STUN	2% Neutral Na FL Gel ST	1	1

## Denti-Foam

Topical Fluoride Foam  
(1.23% Fluoride Ions)

(125 g)

Optimized patient comfort with reduced gagging and risk of ingestion due to stable, airy foam and no tray overflow.

- 60-second express foam application for saving time and money. Low pH and 12,300 ppm fluoride content for effective and rapid results.
- Inhibit caries formation by reducing enamel solubility and enhancing remineralisation.
- Unique bottle design to maximize the use of the entire content — for up to 130 applications.

Item No.	Description	Unit/Pkg	Pkg/Case
10037-BGUN	Acidic Topical Foam FL BG	1	1
10037-GRUN	Acidic Topical Foam FL GR	1	1
10037-MUN	Acidic Topical Foam FL M	1	1
10037-OUN	Acidic Topical Foam FL O	1	1
10037-RBUN	Acidic Topical Foam FL RB	1	1
10037-STUN	Acidic Topical Foam FL ST	1	1

## Denti-Foam

2% Neutral Sodium  
Fluoride Foam

(125 g)

Due to the gentle neutral pH, foam is ideal for use on patients with cosmetic or porcelain dental restorations, crowns or bridges.

- Stable, airy formula and no tray overflow for optimized patient comfort and reduced gag reflex. 4-minute application and formula containing 9,050 ppm fluoride.
- Innovative bottle design maximizes the use of the entire content — for up to 130 applications.
- Delightful, great tasting flavours for better patient acceptance.

Item No.	Description	Unit/Pkg	Pkg/Case
10038-MUN	Dentifoam 2% NSF Top Foam M	1	1
10038-RBUN	Dentifoam 2% NSF Top Foam RB	1	1

Bubble gum = BG • Cherry = CH • Grape = GR • Mint = M • Orange = O • Raspberry = RB • Strawberry = ST • Unflavoured = UN

## Denti-Pro Gel

1.1% Neutral Sodium Fluoride Gel

Esthetically safe, clear and dye free formula that is compatible with cosmetic or porcelain restorations and perfect for pre/post bleaching home care. Ideal for patients with xerostomia, high risk of decay, tooth sensitivity or acid intolerance.

- Available in professional size bottle (unflavoured) or smaller pump bottle (mint flavour) for preventive therapy at home.
- 4-minute application can be done via dental tray or toothbrush (contains 5,000 ppm fluoride).
- Great tasting flavours.

Item No.	Description	Unit/Pkg	Pkg/Case
10022-2MUN	1.1% Neutral Na FL Gel M (Pump)	1	1
10022-UN	1.1% Neutral Na FL Gel UN	1	1

## Denti-Freeze

Topical Anesthetic Gel  
(18% Benzocaine, 2% Tetracaine)

Extended working time, longer lasting patient comfort and better taste. Ideal for scaling procedures.

- Easy-spread, water-based gel with rapid absorption (immediate onset) and maintenance of tactile sensitivity.
- Non-ointment formula for no greasy residue.
- Available in many popular flavours.

Item No.	Description	Unit/Pkg	Pkg/Case
10039-BGUN	Topical Anesthetic Gel BG	1	1

- Dental Dams
- Barriers
- Scalpels and Blades
- Tongue Depressors

## Saliva Ejectors

Evacuation Products

Provides optimal suction while maintaining its shape to help you work efficiently and easily.

- Non-rusting alloy wire that easily forms into desired configuration for ease of use.
- Soft bonded, smooth tip to avoid aspirations for increased patient safety and comfort.
- World-renowned Swedish quality.

Item No.	Description	Unit/Pkg	Pkg/Case
0500	Saliva Ejector Clear White / Blue Tip	100	10
501	Saliva Ejector Clear White / White Tip	100	10
502	Saliva Ejector White White / White Tip	100	10

## Pro-Tip Turbo - Single Use Air/Water Syringe Tip

Evacuation Products

All the benefits of a single-use air/water syringe tip which fits most popular 3-in-1 models - wide range of converters available.

- Unique dual chamber design to separate air from water, guarantees instant dry air and perfect misted spray when and where you need it.
- Single-use design prevents cross contamination.
- Rigid design is effective for tissue retraction and pliable, rounded edges increases patient comfort.

Item No.	Description	Unit/Pkg	Pkg/Case
1007072	Pro-Tip Turbo Syringe Tip - Bag of 250	250	12
1007073	Pro-Tip Turbo Syringe Tip - Bulk	250	6
1007080	Pro-Syringe	1	1
1007090	Pro-Tip Turbo Adec Converter	1	2
1007091	Pro-Tip Turbo Engle Converter	1	2
1007092	Pro-Tip Turbo DentalEZ Converter	1	2
1007093	Pro-Tip Turbo DCI Converter	1	2

## High Volume Evacuators

Evacuation Products

Increased suction for procedures requiring it. Enjoy increased access and visibility with unique, "S" shaped design.

- 45° angled tip for reduced splatter and ideal aspiration efficiency.
- Straight handle for increased control and direct access to working area.
- Single-use disposable tips in vented and non-vented formats for convenience.

Item No.	Description	Unit/Pkg	Pkg/Case
505	High Vol Evac Non-Vented-White	50	20
0510	High Vol Evac Vent 1 side-White	50	20

## OTHER

### SafeTouch Dental Dams

Extreme strength and flexibility allow for manipulation in the most difficult to reach areas.

- Maximum barrier protection and isolation of operating worksite reduces cross contamination by controlling moisture.
- Next generation, built-in strength and improved tear resistance save time and avoid potentially costly wastage.
- Made with natural rubber latex.

Item No.	Description	Unit/Pkg	Pkg/Case
1255HB	Dentdam 5" x 5" Heavy Blue - Unscent	52	6
1255HG	Dentdam 5" x 5" Heavy Green - Mintscent	52	6
1255MB	Dentdam 5" x 5" Med Blue - Unscent	52	6
1255MG	Dentdam 5" x 5" Med Green - Mintscent	52	6
1255TB	Dentdam 5" x 5" Thin Blue - Unscent	52	6
1255TG	Dentdam 5" x 5" Thin Green - Mintscent	52	6
1266HB	Dentdam 6" x 6" Heavy Blue - Unscent	36	6
1266HG	Dentdam 6" x 6" Heavy Green - Mintscent	36	6
1266MB	Dentdam 6" x 6" Med Blue - Unscent	36	6
1266MG	Dentdam 6" x 6" Med Green - Mintscent	36	6
1266TB	Dentdam 6" x 6" Thin Blue - Unscent	36	6
1266TG	Dentdam 6" x 6" Thin Green - Mintscent	36	6

### SafeTBarrier Barriers

Designed to keep common surfaces in the operatory free from harmful bacteria caused by airborne aerosols, splash and spatter.

- Intelligent design allows for easy and fast changing of barriers between patients to save valuable time.
- Wide ranging shapes and sizes to cover virtually everything in the dental operatory—from tray covers to syringe sleeves.
- Simple, grab-and-go dispenser boxes for convenience.

Item No.	Description	Unit/Pkg	Pkg/Case
9551	SafeTBarrier TR SLV 11 5/8" x 14 1/2"	500	4
9552	SafeTBarrier HD RST CVER 10" x 14"	250	4
9553	SafeTBarrier TR SLV 10 1/2" x 14"	500	4
9554	SafeTBarrier TR SLV 11 1/2" x 16 1/2"	500	4
9555	SafeTBarrier XR SLV 15 1/2" x 26"	250	4
9556	SafeTBarrier T-LIGHT 4" x 5 3/4"	500	12
9557	SafeTBarrier SYR SLV 2 1/2" x 10"	500	12
9558	SafeTBarrier SYR SLV w ADH 2.5" x 11.5"	500	12
9559	SafeTBarrier SYR SLV 2 1/2" x 10" Blue	500	12
9560	SafeTBarrier SYR SLV No Open 2.5" x 10"	500	12
9564	SafeTBarrier SYR SLV w ADH & No Open	500	12

### Barrier Film Barriers

Save time and reduce cross contamination with single-use, hassle-free film which comes in convenient rolls.

- Unique packaging features counter-top dispenser with single-use, tear-off sheets for convenience.
- Adhesive coating allows for easy application and removal.
- Available in blue and clear.

Item No.	Description	Unit/Pkg	Pkg/Case
5050	Barrier Film - Blue	1200	8
5051	Barrier Film - Clear	1200	8

## Paragon Disposable Sterile Scalpels

Single-use scalpels avoid cross contamination and are suitable for simple surgical procedures.

- Precision molding of blade into handle, with a replaceable blade guard, for complete user protection.
- Comfort fit handle design for good grip and easy manipulation.
- Made of high-quality stainless steel.

Item No.	Description	Unit/Pkg	Pkg/Case
90000-10	Sterile Disposable Scalpel #10	10	1
90000-11	Sterile Disposable Scalpel #11	10	1
90000-12	Sterile Disposable Scalpel #12	10	1
90000-15	Sterile Disposable Scalpel #15	10	1
90000-20	Sterile Disposable Scalpel #20	10	1
90000-21	Sterile Disposable Scalpel #21	10	1
90000-22	Sterile Disposable Scalpel #22	10	1
90000-23	Sterile Disposable Scalpel #23	10	1
90000-24	Sterile Disposable Scalpel #24	10	1

## Paragon Disposable Sterile Blades

Blade-only option allows for cost savings and avoids cross contamination.

- Precision, cutting-edge design ideal for multiple incisions.
- Sterile package sterilized by gamma radiation of 2.5 MRads.
- Made of high-quality stainless or carbon steel.

Item No.	Description	Unit/Pkg	Pkg/Case
90010-10	Sterile Blades Stainless #10	100	1
90010-11	Sterile Blades Stainless #11	100	1
90010-12	Sterile Blades Stainless #12	100	1
90010-15	Sterile Blades Stainless #15	100	1
90010-20	Sterile Blades Stainless #20	100	1
90010-21	Sterile Blades Stainless #21	100	1
90010-22	Sterile Blades Stainless #22	100	1
90010-23	Sterile Blades Stainless #23	100	1
90010-24	Sterile Blades Stainless #24	100	1
90011-10	Sterile Blades Carbon Steel #10	100	1
90011-11	Sterile Blades Carbon Steel #11	100	1
90011-12	Sterile Blades Carbon Steel #12	100	1
90011-15	Sterile Blades Carbon Steel #15	100	1
90011-21	Sterile Blades Carbon Steel #21	100	1
90011-22	Sterile Blades Carbon Steel #22	100	1

## Tongue Depressor

Ideal for oral examinations and patient care. Precision cut with smooth polished finish. Delivers consistent performance and strength.

- Latex free.

Item No.	Description	Unit/Pkg	Pkg/Case
40003	5.5" Non Sterile Tongue Depressor	500	10
40004	5.5" Sterile Tongue Depressor	500	10
40006	6" Non Sterile Tongue Depressor	500	10
40007	6" Sterile Tongue Depressor	500	10

## EXAMINATION GLOVES ADDITIONAL INFORMATION

**Nitrile** - Nitrile powdered and powder free gloves offer superior strength and puncture resistance. They resist a range of chemicals and contain no natural rubber latex proteins making them a great alternative for professionals with latex allergies.

**Latex** - Latex gloves offer excellent dexterity and superior tactile sensitivity. The powdered gloves go through an advanced leaching process which eliminates excess cornstarch.

**Vinyl** - Vinyl powdered and powder free gloves are synthetic options that provide excellent fit and superior strength. They are an economical alternative for the professional with latex allergies as they contain no natural rubber latex proteins.

**Vytril** - Made from a combination of premium vinyl and nitrile materials. These gloves offer the strength and durability of nitrile with latex free comfort and pricing of vinyl.

## MASKS ADDITIONAL INFORMATION

Latex free and fiberglass free • Dye free inner layers • All single use

### Regulated Facial Protection You Can Trust

To assure adequate facial protection for any type of procedure, the American Society for Testing Materials (ASTM) recommends to **only select ASTM-rated masks**. The ASTM plays a leadership role in addressing the standardization needs of the global marketplace. ASTM-2100 is a standard which covers the testing and requirements for materials used in the design of medical face masks. Depending on the testing performance results, the standard is able to categorize each mask according to 3 barrier levels: low, moderate and high.

ASTM Requirements	High Barrier	Moderate Barrier	Low Barrier
Resistance to penetration by synthetic blood (mm Hg)	160	120	80
Bacterial Filtration Efficiency (BFE %)	≥ 98	≥ 98	≥ 95
Sub-micron particulate filtration efficiency at 0.1micron (PFE %)	≥ 98	≥ 98	≥ 95
Differential pressure ΔP (mm H <sub>2</sub> O/cm <sup>2</sup> )	< 5.0	< 5.0	< 4.0
Flame Spread	Class1	Class1	Class1

#### High Barrier masks are ideal for:

- Oral exams for high-risk patients
- Procedures involving high levels of spray, spatter and airborne particles
- Ultrasonic scalers and high-speed aerosols
- Air polishers and air-water syringes
- Oral surgery (tooth extractions, maxo/facial reconstruction)

#### Moderate Barrier masks are ideal for:

- Oral exams for known higher risk patients
- Procedures involving moderate levels of spray, spatter and airborne particles
- High or low-speed handpieces
- Dry, low aerosol procedures
- Bleaching, orthodontic and periodontic procedures
- Lab work with exposure to blood or contaminated materials

#### Low Barrier masks are ideal for:

- Oral exams for low-risk patients
- Procedures involving low levels of spray and spatter
- Orthodontic treatment with little or no spray
- Hand instrumentation with little moisture or spray
- Fluoride treatments
- Basic lab work

Low Barrier = level 1, Moderate Barrier = level 2, High Barrier = level 3
